

## Never forget a great bottle of wine

Keep track of what you've drunk, so you know which bottles, grapes or regions YOU like best. You can log in to browse or search your bottle log from anywhere in the world.

Share your bottle log and browse other user's logs if they've kept them public. Discuss wines and explore our wine guide. Find new bottles to try and save them to wish lists. Automatically watch for new bottles that meet criteria you specify.

logabottle.com is 100% free to sign up for and use, so **take a tour using the links above and register today!**

## Wine News

[Vino Erectus](#) | April 3, 8:17 am | [0 comments](#)

**Katie:** One of our users established a process in which grape grow off the vine "towards the sky" - read about it here!

[French Wine Is a Fashion Industry](#) | April 2, 11:50 am | [0 comments](#)

"If there is one thing that has long driven men and women to wine madness—and what else can you call it when they pay thousands of dollars for a bottle that they will store in their cellar for years?—it is largely about being transported to another time and place, and a specific place at that." **Source:** msn.com
